PRO-AM GOLF TOURNAMENT
Fondation Institut de gériatrie de Montréal

June 8, 2026
Country Club de Montréal
Saint-Lambert

 FONDATION INSTITUT DE
GÉRIATRIE DE MONTRÉAL
pour MIEUX vieillir

ABOUT THE FOUNDATION

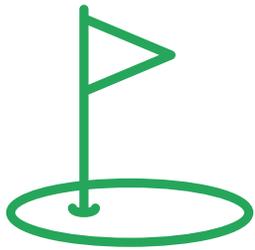

The Fondation Institut de gériatrie de Montréal funds scientific research and innovative projects that improve the quality of care, advance knowledge about aging, and promote the well-being of Quebec seniors. A major partner of the Institut universitaire de gériatrie de Montréal and its Research Center, the Foundation mobilizes businesses and the community around a common goal: promoting healthy and dignified aging.

Leaders in North America, the Institut universitaire de gériatrie de Montréal and its Research Center have developed unique expertise in clinical practices, specialized geriatric care, and the dissemination of knowledge about aging.

WHERE DO YOUR DONATIONS GO?

The funds raised by the Foundation have a direct and tangible impact on seniors. They advance research and improve clinical care in cognitive health, particularly for people affected by Alzheimer's disease. They also help support the next generation by offering scholarships to young researchers and health professionals who are dedicating their careers to better understanding, preventing, and treating age-related disorders.

Joining us means investing in concrete solutions for better aging—today and for generations to come.

GOLF TOURNAMENT 15th EDITION

The 15th edition of the Fondation Institut de g riatrie de Montr al Golf Tournament will be held on **Monday, June 8, 2026**, at the Country Club de Montr al in Saint-Lambert.

We are pleased to be collaborating once again with the PGA of Quebec to offer you a distinctive VIP experience.

By opting for a Pro-am foursome, your team will have the privilege of sharing the course with a PGA of Quebec professional. Strategic advice, course reading, technical adjustments, and anecdotes from the circuit will enrich your game in a friendly and inspiring atmosphere.

Beyond performance, this is a rare opportunity to experience the tournament differently—up close and personal with the expertise, talent, and passion of golf.

Pro-am spots are limited, making them an exclusive opportunity for partners and teams who want to enjoy an extraordinary experience while contributing to an essential cause.

"Playing in a foursome with a Quebec PGA professional makes all the difference. His advice allowed us to approach the course differently—with more strategy, more efficiency...and infinitely more fun. We left feeling better...and already eager to repeat the experience."

*- Ian Quenneville, Co-President and Producer
AVANTI-TOAST*

Terrace cocktail reception

7:30 p.m.
Silent auction closes

8:00 p.m.
End of the day

OUR HONORARY PRESIDENT

Mario Charpentier
President and founder
BCF

"For the second year in a row, I have the privilege of serving as honorary chair of the Fondation Institut de gériatrie golf tournament. This event, which will take place in June 2026, is much more than just a sporting event: it is a moment of solidarity, hope, and generosity toward those who built our society—our seniors.

The aging of the population concerns us all. Like many of you, I have witnessed the strength and wisdom, but also the challenges, faced by our parents and grandparents. As a founding partner of BCF, I have always believed that a community is measured by how it cares for its own. Supporting the Fondation Institut de gériatrie de Montréal means investing in research, innovation, and humanity to offer our seniors a longer, but above all, better and more dignified life.

Thanks to your generosity, each edition of the tournament helps fund projects that truly change lives: research that pushes the boundaries of science, programs that restore confidence and independence, and care that brings comfort and hope.

I wholeheartedly invite you to join us, whether on the field or as a partner in this wonderful human adventure. Together, let's make the 2026 edition a resounding success and continue to build a future where aging is synonymous with respect, well-being, and recognition."
